Dear Sir, I had the pleasure of listening to a Lecture on "Interlingua" by S. Corio M.S. at 8 Taverton Street Gordon Square on Friday the 12th March. As I am making a special study of the International Language Idea I should like to have further particulars of your system which rather attracts me. I should like to join your Society and to receive reports and publications from time to time. Please let me know the necessary subscription and how and where I am to send it?

Yours very sincerely

Tempest de. Kidpath
