University of Turin,  
Cavoretto, Turin, Italy.

Dear Sir,

We have heard from Messrs A. Fanti and Victor L. Lowe that they are proposing to substitute for the book we had in hand for them a new Primer and Key, which they would propose to write, and you are willing to approve. We have written to Messrs Fanti and Lowe advising them of our readiness to substitute this book for the old book, and write to you to this effect at the request of these gentlemen.

Yours faithfully,

KEGAN PAUL, TRENCH, TRUBNER & Co., Ltd.
