Dear Doctor Peano:

I have mailed you today copies of May Roia for distribution to the Academia.

If you can let Roia be a sort of official organ in the United States for Interlingua, and let me collect membership fees for the Academia in U S A I would try to start a propaganda for Interlingua as the a posteriori international language of the world alongside of Ro as the a priori language. Then you write in Interlingua for Roia, making what announcements you please for the Academia for publication in the United States. From the fees that I may collect for the Academia, I retain the subscription price of Roia and forward you the rest. Please let me know what you think of the plan,

H_opefully yours, E.P.Foster.
